### **Calendar**

- 1 October – beginning of academic year
- 30 September – end of the previous academic year. All grants must have been transferred and all mobility participants must have returned by then.
- April-May – application of PhD students, lecturers and staff for mobilities during the next academic year. The invitations are announced on the Bulgarian Academy of Sciences web site, in the Erasmus column or in the News section and are sent on paper to all units of the Academy.
- September – possibly a second call for PhD students
- mid-April – June: deadlines for submitting the applications of the PhD students approved by BAS to host universities, different for each of them, for the first semester or the whole year
- mid-October – December: deadlines for submitting the applications of PhD students approved by BAS to host universities for the second semester (different for each HEI)
