- REGISTRATION**

Please apply by **August 31st 2018**

The final registration will be done upon arrival when a student card will be issued.

- COURSE INFORMATION AND DESCRIPTION**

The list of courses offered at the Faculty of Arts and Humanities is available [online](#)

Exchange students can choose any [program for international students](#). These programs are composed of courses taken from our traditional curricula. They are not specific classes reserved for international students. These programs have been designed by the international advisers in each department to address the academic needs of exchange students.

Exchange students may choose up to two programs and enroll for all or any number of courses included in the programs, according to their academic and credit requirements.

For courses offered at the **Faculty of Arts&Humanities**, visit our [website](#). For a wider search (including all faculties/schools of the University of Limoges) visit our [online catalogue](#). Please note that the University of Limoges has several campuses and that courses taken outside the Faculty of Arts & Humanities imply travel time (10-15 minutes minimum from one campus to another).

French universities offer classes in three distinct formats: Lectures (CM=Cours magistral), seminars/tutorials (TD=Travaux dirigés) and lab/practical work (TP=Travaux pratiques). Courses may consist of either CM, TD or TP, or combine several formats (CM + TD/TP). The number of credits usually depends on the total number of contact hours.

Official registration for courses takes place upon arrival in Limoges after the welcome meeting. International tutors will help exchange students choose & enroll in their courses and build their schedules.

IMPORTANT INFORMATION:

Exchange students are expected to abide by the same rules and guidelines as all students enrolled at Limoges University do, including the examination format and university calendar. Adjustments are possible, but they are rare and are always justified by exceptional motives. Before booking return tickets, make sure you have studied the university calendar.

• **LANGUAGE REQUIREMENTS**

The University of Limoges does not require a language certification for exchange students but we strongly recommend a **B2 level** (or good B1 level) to attend classes in French.

Please note that many classes are taught in English at the Department of English and American Studies and the Department of Applied Languages. They offer history, translation, language, literature classes. The Departments of German and Spanish offer similar courses in German and Spanish.

Classes in the other departments (History, Geography, Sociology, Literature, Communication, etc.) are taught exclusively in French.

We offer language classes in Italian, Russian, Chinese, German and Spanish.

The Department of French as a Foreign Language (see below) offers classes for those who want to improve their level in French.

• **FRENCH AS A FOREIGN LANGUAGE (FLE=FRANCAIS LANGUE ETRANGERE)**

Erasmus students can take up to 7 modules per semester for free (other exchange students can take a number of modules for free depending on the inter-institutional agreement). A placement test is organized the week preceding the beginning of classes to determine the needs of students.
