Procedures

**Nomination procedure**

The partner university nominates students for the upcoming exchange semester or full academic year. Please use our list [https://www.uni-jena.de/en/guest+studies+application.html](https://www.uni-jena.de/en/guest+studies+application.html) to make sure your nomination includes all relevant data:

- name, place, country of home university
- Erasmus code of home university (if applicable)
- family name/s
- first name/s
- gender
- date, place, country of birth
- nationality
- e-mail address
- time frame of planned study visit
- degree pursued at home university
- field of study at home university
- field of study pursued at FSU Jena
- for research visits: a [Supervision Agreement](https://www.uni-jena.de/en/guest+studies+application.html) must be submitted upon nomination
- home coordinator's name and e-mail address

and send it via email to incoming@uni-jena.de.

**E+ICM nomination procedure**

The Incoming team at FSU Jena will contact you in early April/October to inform you about the number of available E+ICM scholarships. Using the specific E+ICM nomination list, please nominate your candidates plus at least two candidates to replace possible dropouts. If students are nominated outside E+ICM (via bilateral partnerships), please add them in the same nomination list.
Requirements

Student status
At the time of application, applicants should be at least in their third semester of university education and must remain enrolled at their home university while studying in Jena.

Language proficiency
Sending institutions should make sure they nominate students with sufficient language abilities. We do not ask for any test certificates. We strongly recommend guest students to prepare for their studies in Jena by learning enough German to be able to follow the instructions and successfully pass exams. Only few courses are taught in English. The minimum level required for either language is B2 according to the Common European Framework of Reference for Languages. To find out whether a study programme is offered in German or English, please choose either of these languages on the following search form:

https://www.uni-jena.de/en/Studies/Study+programme.html

Application procedure
1. Students must apply online after being nominated by their home university. The link is sent by email to nominated students.
2. Print the application.
3. Mark the planned period of stay on page 1.
4. Sign your application on the last page.
5. Have it signed by the home university exchange coordinator (page 1).
6. Send the application with
   - one passport photo attached to the thoska form (last page)
   - a copy of the personal data page in the passport/personal ID card
   by email to incoming@uni-jena.de and
   by airmail to Friedrich-Schiller-Universität Jena
   International Office
   Fürstengraben 1
   07743 Jena
   Germany

Please note the deadlines 15 January/July.

Study Programme

Credit system
FSU Jena works with the ECTS system. Students may earn ECTS credits in all courses, provided that they take part regularly and fulfil the course and exam requirements. The number of credits earned depends on the type of course and workload. The EU standard is 30 credits per semester. FSU Credit information: https://www.uni-jena.de/en/guest+studies+credits.html

Course/programme catalogue
Past, current and upcoming courses are available in the course catalogue. Please note that not all courses are offered every semester. Guest students should choose courses from their academic field but may also choose freely from the courses offered in related fields (except Medicine, Dentistry and Pharmacy). They may take part in individual courses as well as in modules (course units). Having made a choice, students have to make sure their home university agrees to their plans.
Course catalogue: https://friedolin.uni-jena.de
### Learning Agreement and course schedule
Students should ask their home university which and how many courses they should take (EU standard is 30 credits per semester). The Learning Agreement contains all chosen courses and their corresponding credits and is signed by all parties. After arriving in Jena, students will take part in the information sessions for guest studies and create their final timetable.

### E+ICM Learning Agreement and course schedule
Students benefiting from an E+ICM scholarship are required to accomplish 30 credits per semester and should fill their Learning Agreement accordingly.

### Final theses/ research projects
Students not taking part in regular courses but pursuing an individual project or research, for example for their Master thesis,

1. have to find an academic supervisor at FSU Jena able and willing to supervise their research/project work by themselves.
2. Together with that supervisor, they must prepare a Supervision Agreement for Guest Students [https://www.uni-jena.de/unijenamedia/Internationales/Dokumente/StudiuminJena/BetreuungsvereinbarungGaststudForschung.pdf](https://www.uni-jena.de/unijenamedia/Internationales/Dokumente/StudiuminJena/BetreuungsvereinbarungGaststudForschung.pdf), which sets out the commitment of student, supervisor at FSU Jena as well as the supervisor at the home institution. This document forms part of the application process. Arrange to regularly meet and discuss the project’s progress and work-load with that supervisor.
3. The supervisor’s final evaluation is the basis for the Transcript of Records and Confirmation of Stay.

### E+ICM final theses/ research projects
Students and doctoral candidates within the E+ICM programme conducting research must draw up both a Learning Agreement (EU requirement) and Supervision Agreement (FSU quality insurance requirement). For thesis/research projects, a number of 30 credits should also be aimed for.

### Transcript of Records
The FSU Jena International Office issues a Transcript of Records for all guest students taking part in regular courses after each semester.

### Support programme
All students who request it may get a volunteer student mentor from Jena who helps them to deal with the bureaucracy after arrival. Students will be invited by email to register for the mentoring programme.

### Accommodation
#### General information
Jena is a medium-sized city very popular with students. About ¼ of its 111,000 inhabitants are students. Thus, student housing is in high demand. Finding appropriate accommodation may be difficult, especially in the winter semester. We therefore highly recommend applying for student accommodation in dormitories. The website below informs about all rooms, location, equipment of dorms, and prices.

#### Application
Apply online at the Studierendenwerk Thüringen accommodation service: [www.stw-thueringen.de/english/housing/index.html](http://www.stw-thueringen.de/english/housing/index.html)

#### Application deadlines

</tbody>
</table>
Application confirmation

It is necessary to confirm the application by replying to an email sent by the accommodation service.

Allocation

Room offers are sent by email in early September/March and must be confirmed by replying to the email offer in order to keep the reservation.

Preparation, arrival, and enrolment

Support programme

All students who request it may get a volunteer student mentor from Jena who helps them to deal with the bureaucracy after arrival. Students should register for the mentoring programme at https://www.uni-jena.de/en/initial+mentoring+info+students.html

Enrolment

The exact date, time, and place of the enrolment at FSU Jena will be communicated in the admission letter.

Erasmus+ students are expected to enroll on 1 April/October.

Students should use the Enrolment Guide for preparation: https://www.uni-jena.de/en/enrolmentguide.html

Orientation week, Welcome Days

Before lectures start, FSU Jena offers an Orientation Week in order to introduce new students to each other, to the city and the university.

Information about the Orientation Week is sent by email about one month before the semester begins.

The Welcome Days, a five week series of events, help to introduce new students to the university and region, to other students and student life. https://www.uni-jena.de/en/start+studying+international.html

## Visa Requirements and Residence Permit

### Entering Germany

EU citizens or citizens of Australia, Brazil, Canada, El Salvador, Honduras, Iceland, Israel, Japan, Liechtenstein, Monaco, New Zealand, Norway, San Marino, Switzerland, South Korea, and the USA may enter Germany without a visa.

**Everybody else** must apply for a visa for study purposes at the German diplomatic representation in their country of residence about 6-8 weeks before leaving, using the FSU Jena letter of admission. Students must not enter Germany for study purposes with a tourist or Schengen visa under any circumstances.

### Residence Permit and Study Visa

After arrival, all international students have to register at their local resident registration office. **All non-EU-citizens also have to go to their local Immigration Office.** They will receive an electronic visa card (fees: €100). All international students must be able to submit a proof of funding for their stay in Germany ("Finanzierungsnachweis"). They must submit this document to the local immigration office on demand (this also applies to EU citizens). This document may be a scholarship/ grant certificate, a letter of their home university or a letter from their parents.

## Health insurance

### General remarks

- Before registering at the University Jena, students have to contact their health insurance provider to obtain a certificate of health insurance. The insurance providers supply a certificate to declare that the student is either insured with them or some other health insurance provider. Every student should have a sufficient vaccination.
- Students receiving a DAAD scholarship usually are provided with a Continental insurance which the University Jena recognizes.
- Everyone else must have a contract with one of the German public health insurance providers for students. Currently, the insurance fee amounts to €90 per month (2019) for all students younger than 30.
- All student who are older than 30 years should opt for one of the following German private health insurance providers: Advigon/Educare24, Hanse Merkur, Mawista or Würzburger (information and application online).
- Please note that the University Jena does not consider any international travel or emergency medical insurances a sufficient coverage. This insurance coverage may be required when applying for visa and travelling to and from Germany. However, they do not suffice as a student health insurance.

### European Health Insurance Card (EHIC) or equivalent

EU citizens who have got a European Health Insurance Card (EHIC) or an insurance based on a bilateral agreement, may submit a copy of EHIC or the E111 form (or equivalent) to the International Office on enrollment. The following countries issue the respective forms: Bosnia-Herzegovina (BH 6), Serbia/Montenegro (JU 6), Croatia (D/HR 111), Macedonia (JU 6), Turkey (A/T 11).

The insurance (card or form) must be valid for throughout a student’s stay.
